

In March 2019, we provided a grant to teacher Sara Naatz at Toki Middle School in Madison. On June 12, 2019, she sent us this thank you note and photos of the [Memory Project](#) portraits that were painted by her students.

---

I wanted to thank you for your generous grant that allowed Toki to purchase paint and fund the Memory Project. I wanted to send you some photos of the beautiful portraits my students created.
